

PondTint™ Nite is a non-toxic pond dye designed to help keep water sparkling clean and cool.

Shaded pond water naturally stays clearer than full sun pond water. If pond does not have significant surface plant coverage it is a good idea to use PondTint™ Nite in the hot summer months to shade the pond.

PondTint™ Nite is safe for use with fish, plants, birds or domestic animals that drink from the pond.

Application Rates:

1 fl oz / 30 mL	Treats up to 1,000 Gallons
2 fl oz / 60 mL	Treats up to 2,000 Gallons
4 fl oz / 120 mL	Treats up to 4,000 Gallons
8 fl oz / 240 mL	Treats up to 8,000 Gallons

SHAKE WELL BEFORE USE

POND SIZE CALCULATION: L x W x Avg. Depth x 7.5 = # of Gallons

Routine Application Rate: Add until desired color is achieved, reapply as needed.

Persistent Problem Application Rate: Do a 20% water change and re-apply. If problems continue ask a CrystalClear® professional about additional treatments such as an EcoPack™.

For Best Results: Apply to an area of the pond with the most water flow for proper dispersion of the product.

Product Notices: Do not use where chlorine is present or reuse empty container. In case of contact with eyes, skin or open sores, thoroughly flush with water. If swallowed drink plenty of water and consult a physician.

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in loss or injury to aquatic life. CrystalClear®, Inc. is not responsible for any loss of aquatic life.
