

# ALGAWAY 5.4™ Algaecide for Ponds - Stops Algae Growth

**DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. For use in self-contained ornamental ponds and fountains without any outflow. For small ponds with heavy algae growth, clean the excess algae off the sides and ornaments before adding MicrobeLift ALGAWAY 5.4™. This will reduce the amount of decaying organic matter.

Fountains, Small Ponds with goldfish and koi - Treat only those fountains and ponds which will have no outflow after treatment. High water temperatures cause more rapid natural decay of dead algae which can cause fish distress. If animals are present clean out excess algae as stated above or use before temperature exceeds 75°F (24°C).

**CAUTION:** In ponds, insure that water is well aerated via waterfall, fountain or other method to prevent fish loss. Aeration must be continuous.

**CAUTION:** Not safe for use with snails, shrimp and other crustaceans or mollusks.

Repeat dosage once per week for maintenance.

Volume of water to treat	Unit of Measure		
50 gallons / 189 liters	30 drops	-	-
120 gallons / 454.2 liters	10ml	2 tsp	2 caps
360 gallons / 1360 liters	30ml	2 tbs.	6 caps
